

Zentangle© Inspired

(please excuse my learning curve while I figure out how to build a website and navigate new-to-me terminology).

Zentangle©

I attended a [Zentangle©](#) class with my sister in the summer of 2014 and have been hooked ever since. I learned some cool methods of pattern repetition, and I will say that it was worth my time. To be clear, I'm not one to follow rules, so don't expect *true to form* Zentangle© patterns. Here are some examples of my work:
