

# Build a Fairy House

## Supplies Needed:

- Small branches, twigs & sticks
- Leaves, Pine Needles Dried Flowers
- Bark, Moss and Shells
- Pinecones, dry corncobs
- Feathers, shells, nuts and seeds
- Page of Birch Bark Print out
- Paper Tube such as Toilet Paper Roll

1. Collect Supplies: Go outside and look closely at the ground for things that are small and could be used for building material. Try to think like a 3 inch tall fairy. Collect twigs, pebbles, acorn caps, moss, pine needles, bark, leaves and other plant material.
2. Print out a copy of the birch bark paper.
3. Cut slits in the top of the paper tube and fold them to the center. Glue. Use tape to hold it together until the glue dries.
4. Use bits of pine cone for shingles on the roof. Decorate as you desire.
5. Make a whole village!
